Carthage became a major economic and political power in the Mediterranean fighting over territory in Sicily with the Greeks and Romans. Ancient village in Longsheng rice terraces. Todd Brown / Getty Images A look at ancient Chinese dynasties, writing, religions, economy, and geography. Michele Falzone / Getty Images The land of the Nile, sphinxes, hieroglyphs, pyramids, and famously cursed archaeologists exhuming mummies from painted and gilded sarcophagi, Egypt has lasted for thousands of years. Parthenon in Acropolis of Athens, Greece. George Papapostolou photographer / Getty Images What we call Greece is known to its inhabitants as Hellas. Archaic GreeceÃ ÂWith the return of literacy at the beginning of the 8th century, B.C. came what is called the Archaic Age. ClassicalÃ ÂGreeceÃ ÂThe Classical Age of Greece begins with the Persian War (490-479 B.C.) and ends with the death of Alexander the Great (323 B.C.). Besides war and conquest, in this period the Greeks produced great literature, poetry, philosophy, drama, and art. Hellenistic GreeceÃ ÂArchaic and Classical Greece produced a culture that the third era, the Hellenistic Age, spread throughout the known world. Because of Alexander the Great, the realm of Greek influence spread from India to Africa. Sunrise at the Roman Forum. joe daniel price / Getty Images The name Italy comes from a Latin word, Italia, which referred to a territory owned by Rome, Italia was later applied to the Italic peninsula. Euphrates River and fortress ruins at Dura Europos. Getty Images/Joel Carillet Mesopotamia is the ancient land between the two rivers, the Euphrates and the Tigris. It roughly corresponds with modern Iraq. Art of a Phoenician commercial ship at the Louvre. Leemage / Getty Images Phoenicia is now called Lebanon and includes part of Syria and Israel.
